## New Found Glory

I'm ready to pick my weary head off the floor  
To be someone that you cant ignore  
I'll be original someone to keep your secret safe with  
And so you let yourself in  
You made your way my room again and again  
You made a habit out of getting under my skin  
You said you don't but you do (Ohh)

Falling in love is like a trainwreck  
If you make it out alive  
You still haven't made it  
So tell me the truth  
You don't know what you do  
So tell me the truth  
You don't know what you do to me do you

I'll say whatever's crossing my mind  
After time whatever you want I'll find  
I'll be the capital of whatever state you live in

Falling in love is like a trainwreck  
If you make it out alive  
You still haven't made it  
So tell the truth  
You don't know what you do  
So tell me the truth  
You don't know what you do to me do you  
You don't know what your putting me through

Finding it I'm finding it  
Hard to keep it all together  
And I'll break it all apart  
Finding it yeah  
I'm finding it hard

Call me good  
Call me good  
Like you said you would

You got me wrapped around  
So tight like you said you would  
And the worst has to be on it's way

I'll feel how you want me to feel  
I'll say the things you wanted me to say  
I'll be your tell it all  
I'll be original  
I'll be nothing at all

Falling in love is like a trainwreck  
If you make it out alive  
You still haven't made it  
So tell me the truth  
You don't know what you do  
So tell me the truth  
You don't know what you do to me

Falling in love is like a trainwreck  
If you make it out alive  
You still haven't made it  
So tell me the truth  
You don't know what you do  
So tell me the truth  
You don't know what you do to me

I'll be original  
I'll be nothing at all
