

2 in the Morning

New Kids on the Block

I know you must have had a long day
Cause at six o'clock I heard you say,
There was something that was on your mind
But you ain't told me and it's almost nine

Now it's nine o'clock and I thought we could talk
But you ain't givin' it, girl
Will this ever end? Girl, it's almost ten
Gotta know if you're mad at me before Grey's Anatomy
Cause we could drag this out all night, until...

It's 2 in the morning
Girl, what do you wanna do?
Do you wanna fight? Wanna say goodnight?
If you tell me you want it, this could be over...

Cause it's 2 in the mourning
Girl, what do you wanna do?
Do you wanna fight? Wanna say goodnight?
If you tell me you want it, this could be over...

Lights are out, don't wanna wake you so, I'm creepin' in
I know you're hurt cause baby, I'm not sleepin' in
My favorite pair of boxers that you make look so hot, girl
Girl, you're playing sleep but I know that you're not, girl

Now it's 12 o'clock and I thought I should talk
But you're not listening
Here we go again, you know I like it when...

You got your back to me,
But now when you're mad at me
Please look at me and say goodnight, so...

It's 2 in the morning
Girl, what do you wanna do?
Do you wanna fight? Wanna say goodnight?
If you tell me you want it, this could be over...

I wanna come over, baby, turn over
Girl, I've been laying up all night,
Just waiting for your kiss goodnight
Even if you're mad at me,
You know we shouldn't go to bed angry

It's 2 in the morning
Girl, what do you wanna do?
Do you wanna fight? Wanna say goodnight?
If you tell me you want it, this could be over...

We could work it out, We could work it out
We could work it out, I wanna come over...
We could work it out, We could work it out
We could work it out, I wanna come over...
