

Cover Girl

New Kids on the Block

I get up in the morning and I see your face, girl
Your'e looking so good, everything's in place
Don't you know I could never leave your side girl
Won't you stay here with me and be my bride?

Don't you *know your my kind, your just what i like
Girl you're everything, don't you know you're alright
The only girl I've always needed for so long

R: Oh,oh-oh, she's my cover girl
Oh,oh-oh,oh-oh
Oh,oh-oh,she's my cover girl
Oh,oh-oh,oh-oh

When I look through the pages of a magazine
Still, your pretty face is the prettiest I've seen
Don't you know I only want to be with you
No other girl could make me feel the way you do
You're my everything

R: (2x)

It's alright
Oh, yeah, it's out of sight
Let me say it's alright
Ah, yeah!

Don't you know I only want to be with you
No other girl could make me feel the way you do
You're my everthing

R:
