

## Cover Girl

New Kids on the Block

I get up in the morning and I see your face, girl  
Your'e looking so good, everything's in place  
Don't you know I could never leave your side girl  
Won't you stay here with me and be my bride?

Don't you \*know your my kind, your just what i like  
Girl you're everything, don't you know you're alright  
The only girl I've always needed for so long

R: Oh,oh-oh, she's my cover girl  
Oh,oh-oh,oh-oh  
Oh,oh-oh,she's my cover girl  
Oh,oh-oh,oh-oh

When I look through the pages of a magazine  
Still, your pretty face is the prettiest I've seen  
Don't you know I only want to be with you  
No other girl could make me feel the way you do  
You're my everything

R: (2x)

It's alright  
Oh, yeah, it's out of sight  
Let me say it's alright  
Ah, yeah!

Don't you know I only want to be with you  
No other girl could make me feel the way you do  
You're my everthing

R:
