

## Funny Feeling

New Kids on the Block

All I asked was for your hand  
Love was in demand  
How was I to understand  
Then you told me how you feel  
It was so unreal  
Guess it's time for me to reveal  
The way I feel

Got a funny feeling  
That you don't even love me  
And got a funny feeling  
That you don't even, even care

We assured each other at the start  
Forever in our heart  
You and I would never part  
Then you told me how you feel  
It was so unreal  
Guess it's time for me to reveal  
The way I feel

Got a funny feeling  
That you don't even love me  
And got a funny feeling  
That you don't even, even care
