

I Need You

New Kids on the Block

Girl, my heart,
is in your hands
I need you
to understand

Please,
swallow your pride
I want you
to be my guide

Girl, I love you
I want you
Oh, how I care
When you need me
I'll be there

I need you yes I do,
Girl,

Girl, my love
is all for you
No one else
will ever do

Please,
open your heart
And let in
a brand new start

Girl, I love you
I want you
Oh, how I care
When you need me
I'll be there

I need you, yes I do,
Girl,
I need you

Girl in me you've got to believe
I'll be loving you and this you will see

I need you, yes, I do
Girl, I need you, yes I do
Girl, I need you

I need you, yes I do
Girl, I need you

Baby, you gotta know how much I want you,
I need you,
Oh so much,
I love you, girl
