## I Need You

## **New Kids on the Block**

Girl, my heart,
is in your hands
I need you
to understand

Please, swallow your pride I want you to be my guide

Girl, I love you
I want you
Oh, how I care
When you need me
I'll be there

I need you yes I do, Girl,

Girl, my love is all for you No one else will ever do

Please, open your heart And let in a brand new start

Girl, I love you I want you Oh, how I care When you need me I'll be there

I need you, yes I do,
Girl,
I need you

Girl in me you've got to believe
I'll be loving you and this you will see

I need you, yes, I do Girl, I need you, yes I do Girl, I need you

I need you, yes I do Girl, I need you

Baby, you gotta know how much I want you, I need you, Oh so much, I love you, girl
