## **I Remember When**

## New Kids on the Block

Some days are gone But my love lives on In this space and time I remember Playing the games Funny nicknames And all the sunny days That shine so brightly

I keep remembering when We started together as friends I keep remembering when We were together forever The promise we made Still stays in my head Like the melody I remember Favorite songs We heard all night long In the candlelight Still shines so brightly

I keep remembering when We started together as friends I keep remembering when We were together forever

I bet you didn't know How much I loved you I bet you didn't know Just how much I care Little girl Whenever I'm around you All in love is fair, girl

I keep remembering when We started together as friends I keep remembering when We were together forever
