

# Mrs. Right

## New Kids on the Block

Keepin' on..... Keep keepin' on....

Rap:

Yo, all I wanna do is like swing with you, is like swing with you, just swing with you, yo baby, all I wanna do is like swing with you, so come on girl and swing, so we can do our thing! All I wanna do is like swing with you, is like swing with you, just swing with you, yo baby, all I wanna do is like swing with you, is like swing with you, just swing!

Ooh, ooh, baby

Come on, sugar

Baby, baby, come on

May be a fool to let my heart control me  
And my mind is telling me I'm crazy  
Is she the one although she hardly knows me  
Should I cut her off, for my own safety  
Will it last forever?  
I don't think so  
Will we stay together?  
I don't know  
My friends say never  
Let your heart control you  
Is it for the better?  
Tell me so

R: Are you really Mrs. Right  
'Cause I can't make up my mind  
Girl you are so fine, so fine  
Baby let me know the deal,  
'Cause I gotta know if it's for real  
Say you will be mine, all mine

Are you really? (repeat 4 times)

Where do I turn, I don't know which way  
Will I ever learn from my own mistakes  
If I play it smooth will Mrs. Right swing this way  
Or will it lead to another heartache, baby  
Will it last forever?  
I don't think so  
Will we stay together?  
I don't know  
My friends say never  
Let your heart control you  
Is it for the better?  
Tell me so

R: (2x)

(I just can't fight it) I just can't fight it  
(The way I feel) The way that I feel about you  
(You've got to tell me) Tell me baby  
(Are you for real?) Oh, baby

R: (3x)
