

Find rest my soul  
Confess you're weary  
Surrender all  
Embrace your healing

I will cast my cares  
You have always cared

You are greater  
Greater than the fight  
That rages for my life  
I have found my rest is in  
You are brighter  
Breaking through the night  
Lighting up my sight  
I have seen my rest is in You

Find hope my soul  
You know He's with you  
My Savior God  
Still I will praise You

His yoke is easy  
His burden is light  
I have decided  
I'm gonna fix my eyes  
On the perfecter the author of my faith  
Jesus Christ
