

## Live To Worship

New Life Worship

Faithful One, You come to raise me up with You  
Gracious Friend, again Your love has found no end  
Who am I, that You would sacrifice  
At Your majesty, I stand in awe

You are glorious, You are glorious  
And I live to worship You, and I live to worship You  
You're glorious

Reining King, you bring Your Kingdom down to me  
Morning Star, You are this burning in my heart  
Who am I, that You would sacrifice  
At Your majesty, I stand in awe

You are glorious, You are glorious  
And I live to worship You, and I live to worship You  
You're glorious
