

Live To Worship

New Life Worship

Faithful One, You come to raise me up with You
Gracious Friend, again Your love has found no end
Who am I, that You would sacrifice
At Your majesty, I stand in awe

You are glorious, You are glorious
And I live to worship You, and I live to worship You
You're glorious

Reining King, you bring Your Kingdom down to me
Morning Star, You are this burning in my heart
Who am I, that You would sacrifice
At Your majesty, I stand in awe

You are glorious, You are glorious
And I live to worship You, and I live to worship You
You're glorious
