

## Unfailing God

New Life Worship

Though my eyes may fail me  
I will follow after You  
Though Your promise seems forsaken  
I'll remember the world's in Your hands

You'll find me singing

You are unfailing God  
Your love's unending  
And Your word is eternal  
Firm in the heavens it stands  
You are unfailing God  
Your love's unending  
And Your word is eternal  
Firm in the heavens it stands

Though sorrow's my condition  
And pain holds back no blow  
Though this be my darkest hour  
Your lamp is leading me home

You'll find me singing

You are unfailing God  
Your love's unending  
And Your word is eternal  
Firm in the heavens it stands  
You are unfailing God  
Your love's unending  
And Your word is eternal  
Firm in the heavens it stands

Eyes can't see but I feel You near  
I know You're working through my tears  
I trust You Lord, I trust You for You never walk away

You are unfailing God  
Your love's unending  
And Your word is eternal  
Firm in the heavens it stands  
You are unfailing God  
Your love's unending  
And Your word is eternal  
Firm in the heavens it stands
