

All About Me

New Medicine

Choke on the guilt
And drowning in the bottle
My veins are full but my heart is hollow
Yeah

The story of you was good
And I spit on the pages
It comes down to this
I couldn't resist, and loose ends contagious

But there's a man in the mirror
And he doesn't wanna hear about pissing his life away
Yeah he's heard it all before
Take his sympathy and walk away
It's all about me
It's all about me
It's all about me

I can't get the taste of sweet temptation
Oh I don't know no moderation
Cause if it feels good, it could feel better
Have a bad storm, no matter what the weather
Come on, give me more
Help me to the floor
I'm not gonna live til it kills me to the core

But there's a man in the mirror
And he doesn't wanna hear about pissing his life away
Yeah he's heard it all before
Take his sympathy and walk away
It's all about me
It's all about me

I've been climbing since the day that I hit the bottle
And doing it in all alone
No one wants to hear about all my problems
Bury them on my own

I'm living in a world with no tomorrow
It's a scary place to be
I don't wanna face another broken promise
Cause all I keep thinking about is all about me

It's all about me
It's all about me
Me, me
It's all about me
It's all about me
