

Breaking The Model

New Medicine

Yeah

You can keep your motherfucking politics
You punk ass boardroom piece of shit
Yeah
Cause my music is a name for your three piece suit
It's for angry kids up in the mosh pit dude

Fuck it

We are breaking the model
We are bringing the new wave
You can't stop us cause you can't keep up
We're straight breaking the model, breaking the model

We are the ones who never said
This is a cool neck top, you're gonna get it
You can't stop us cause you can't keep up
We're straight, fist to the throttle
Breaking the model

Yeah

Now everybody wants to get a piece of us
Cause we are the young and dangerous
Yeah
And don't you know your time already came or what?
Welcome to the new establishment

We are breaking the model
We are bringing the new wave
You can't stop us cause you can't keep up
We're straight breaking the model, breaking the model

We are the ones who never said
This is a cool neck top, you're gonna get it
You can't stop us cause you can't keep up
We're straight, fist to the throttle
Breaking the model

Never gonna sell my soul
Never going down that road
Do you ever lose control?
Cause I'm about to lose control

So put your hands up if you feel like me
Hands up if you wanna break free
Hands up if you feel like me
Hands up if you wanna break free

We are breaking the model
We are bringing the new wave
You can't stop us cause you can't keep up
We're straight breaking the model, breaking the model

We are the ones who never said
This is a cool neck top, you're gonna get it

You can't stop us cause you can't keep up
We're straight, fist to the throttle
Breaking the model

Yeah
