

# Broken Girl

## New Medicine

I wish I didn't know you  
I wish you didn't care  
I should've known that we were never going anywhere  
I should've lied a little  
I should've cheated too  
I guess you only wanna love someone who hurts you

Yeah, you're always calling me at 3am  
Drunk and lonely, here we go again

Hey, you're begging me to stay  
You know just what to say  
I've got to get away  
You're just a broken girl

Oh, your body's saying go  
And naked on the floor  
Don't love me anymore  
You're just another broken girl, girl  
Girl

I wish that I could fix you  
But no one ever could  
Maybe you're just afraid of anything that's any good  
You say you think about me, but you see other guys  
Sometimes I guess I feel like loving you is suicide

Still, there's something I just can't resist  
I guess that's how it always comes to this

Hey, you're begging me to stay  
You know just what to say  
I've got to get away  
You're just a broken girl

Oh, your body's saying go  
And naked on the floor  
Don't love me anymore  
You're just another broken girl, girl, girl  
You're just a broken girl, girl, girl  
You're just a broken girl

Hey, you're begging me to stay  
You know just what to say  
I've got to get away  
You're just a broken girl

Oh, your body's saying go  
And your naked on the floor  
Don't love me anymore  
You're just another broken girl, girl, girl  
You're just a broken girl, girl girl

Just a broken girl (just a broken girl)  
Just a broken girl  
Just a broken girl  
Oh yeah you're just another broken girl

Just a broken girl  
Just a broken girl  
Just a broken girl  
You're just a broken girl.
