

# Fire up The Night

New Medicine

It was quarter past two when I started feeling blue  
I never tell the truth, I was thinking about you  
You left a little scar and I wonder where you are  
I'm coming to my car and I'm headed to the bar

I listen to lonely boy in a lonely world  
And yes I know it's true  
I close my eyes and I find you  
And the dirty little things we'd do

In the middle of the night, when I dream of getting you  
Grab my hairs going crazy thinking what I'd do to you  
I'd rip off all your clothes as I'm breaking down the door  
I'd make you beg for more as I pin you to the floor  
Cause you'd be screaming oh, oh, oh  
Baby don't stop, no no, no no  
We can fire up the night  
Make me feel alive  
Fire up the night

I fire up the night

And then I put you on the bed and you ruffle through my head  
Never thought a girl I'd see but you're making me believe  
Lick my poison young, now I got you on my song  
You whisper I'm the best while you finger on my chest

I never be a lonely boy in a lonely world  
And yes I know it's true  
I close my eyes and I'm with you  
I'm yelling you the whole night through

In the middle of the night, when I dream of getting you  
Grab my hairs going crazy thinking what I'd do to you  
I'd rip off all your clothes as I'm breaking down the door  
I'd make you beg for more as I pin you to the floor  
Cause you'd be screaming oh, oh, oh  
Baby don't stop, no no, no no  
We can fire up the night  
Make me feel alive  
Fire up the night

Get up, fire up the night  
Come on, fire up the night

Hey, let's take our clothes off  
Now I'm going down on you, proving what I want is true  
Let me show you what it's like when you ain't afraid to fly  
To hell with all them girls cause you know upon my world  
I couldn't tell you why but I'm yours until I die

In the middle of the night, when I dream of getting you  
Grab my hairs going crazy thinking what I'd do to you  
I'd rip off all your clothes as I'm breaking down the door  
I'd make you beg for more as I pin you to the floor  
Cause you'd be screaming oh, oh, oh  
Baby don't stop, no no, no no

We can fire up the night  
Make me feel alive  
Fire up the night

Fire up the night  
Fire up the night.
