

## Drifts

New Model Army

You came to me because I'm not like you  
I came to you because you're not like me  
But there's a reef of jagged rocks  
Between the shoreline and the sea

Yes, I forget the things that you cannot forget  
You say the things that I will not say  
And there's a smear of blood red sky  
Between the nighttime and the day

Stop blowing away, find a way through  
The stars that we are following are  
The ones that move in circles around the sky

You needed me because I'm not like you  
And yes, I needed you because you're not like me  
And the waves will forever break  
Between the shoreline and the sea

Stop blowing away, find a way through  
The stars that we are following are  
The ones that move in circles around the sky for us tonight
