

## Young, Gifted & Skint

New Model Army

Young, gifted and skint -  
that's where it int...  
look how easily it happened  
look how easily i fell  
now i'm up to here in debt  
there's a noose around my neck  
there's a price upon my head.

My past was all in borrowed time  
(stupid stupid borrowed time)  
now that the deed is done  
i'm waiting for the axe to fall  
fantasies grow in my brain  
run away and start again  
dissappear and change my name...

...Money makes the world go round  
fear makes it turn much faster  
can't pay the rentman a single thing  
don't let the man from the gas board in  
maybe this is all a dream  
maybe i'll wake up again  
maybe this could all be clean...
