

Californian Grass

New Order

My cold heart needs some company
Shine a light in there, maybe I can see
Wild hostiles on an open frame
Sun shining when it could be rain.

Give me all that I ask, some Californian grass
Bring it over to me, I want everything that I see.
We can stop at a grocery store,
Buy a thing for a few dollars more.

My hand, it shakes, my pulse is high.
And my complications I can't describe.
Cause your cold heart will break one day
So don't you throw this chance away.

Give me all that I ask, some Californian grass
Bring it over to me, I want everything that I see.
We can stop at a grocery store,
Buy a thing for a few dollars more.

Sun shining when it could be rain.
