

# Shake It Up

New Order

You get up in the early morning,  
You never seen a feel like you wanna.  
Look up and the sky is falling,  
It's just another day, call tomorrow.

Shake it up, yeah,  
Shake it up, yeah,  
You can make it real if you want it.  
Shake it up, yeah,  
Shake it up, yeah,  
You can turn the wheel if you want it.  
I loved you like you were no other,  
Shake it up, yeah,  
Shake it up.  
I read your book from front to cover,  
Shake it up, yeah,  
Shake it up.

There's a little feel like your own life,  
Watch you on TV like you're standing on the front line  
And the papers say that the later  
Does it have a feel like it's real, like it's true?  
Does it have a feel like your own life  
Watch you on TV like you're standing on the front line  
And the papers saying that the later  
Does it have a feel like it's real, like it's true?  
Does it have a?

Do you need it? Do you want it?  
We'll rock you on that, we don't wanna wait.  
Would you spend some money on it?  
Well, I don't like the sound and I can't afford the late.

Shake it up, yeah,  
Shake it up, yeah,  
You can make a deal if you want it.  
Shake it up, yeah,  
Shake it up, yeah,  
You just gotta do what you've gotta.  
I read you off from front to cover,  
You came up on me like a piece of cake.  
Still we chose to love each other  
There's no cure like the ones hit.

Does it have a feel like your own life  
Watch you on TV like you're standing on the front line  
And the papers saying that the later  
Does it have a feel like it's real, like it's true?  
Does it have a?  
Does it have a feel like your own life  
Watch you on TV like you're standing on the front line  
And the papers saying that the later  
Does it have a feel like it's real, like it's true?  
Does it have a?

Does it have a feel like your own life  
Watch you on TV like you're standing on the front line

And the papers saying that the later  
Does it have a feel like it's real, like it's true?  
Does it have a?
