

# Overcome

## New Politics

I'm feeling powerless  
I'm feeling hopeless  
I see the world beneath us open to the darkness  
I see it everywhere  
There's no progress  
It's like I'm slowly giving into all the madness

I stand here imperfect right before you  
Been searching so long for a way to get through  
Swallowed the universe abandoned my youth  
I still can't forsake what I feel is true  
I was made out of dust by a voice in the wind  
To conquer my fears and rise like king  
I will always evolve and never give in  
I will follow my dreams cause I know I will win

And if you don't take a stand  
You won't understand

We will overcome  
We will overcome  
It's written in the wind  
Set the wheels in motion and rise again  
Higher and higher and higher  
Higher and higher  
We will overcome  
My friend

And I will not justify what I did  
Through the pain sweat and tears I have learned to forgive  
So live out your life cause it is a gift  
And rise up above; take the whole world with you  
I stand here naked this is my truth  
Hold on to your innocence and beauty of youth  
And don't ever forget the power lies within  
Being born ain't a crime you can be what you want to

And if you don't take a stand  
You won't understand

We will overcome  
We will overcome  
It's written in the wind  
Set the wheels in motion and rise again  
Higher and higher and higher  
Higher and higher  
We will overcome  
My friend

I'm feeling hopeful  
I see the world beneath us change to something beautiful  
I see it everywhere  
There is progress  
If we unite as one then everything is possible
