

Technicolor Lover

New Radicals

She came from a world that is so far out
Roller skating into my life I never had no doubt
She asked where to get that velvet colored hair
I said I got lot's more somewhere
If you touch my big
And she said I come from a world that is so far out
And I said so do I
And she may not be the worlds solution
But shes a world class revolution

Technicolor lover
Rate my heart
Technicolor lover
Sate my heart
Technicolor lover
Take my heart...now

lather, rinse, ...
