

# Kill Or Be Killed

New Years Day

Kill or be killed!  
Kill or be killed!  
Kill or be killed!  
Kill or be killed!

Your imagination gets so twisted when you  
Think you see my worst but  
I have an instinct that can never be reversed  
My vengeance is a curse!

I want to watch you bleed!  
You're the crime but I'm a scene

Back against the wall so  
It's kill or be killed!  
No other choice, that blood's gonna spill  
Back against the wall so  
Forget and forgive  
But after all this, I never will!

Don't be ashamed of all the monsters in your head  
All of us are;  
Sick! Sick! All of us are sick!  
Sick! Sick! All of us are sick!

And I want to watch you bleed!  
You're the crime but I'm a scene

Back against the wall so  
It's kill or be killed!  
No other choice, that blood's gonna spill  
Back against the wall so  
Forget and forgive  
But after all this, I never will!

Sick, sick  
All of us are sick  
Sick, sick  
All of us are;  
Sick! Sick! All of us are sick!  
Sick! Sick! All of us are sick!

My sanity slips far from me  
Provoked by rage  
It's driven me insane!

Back against the wall so  
It's kill or be killed!  
No other choice, that blood's gonna spill  
Back against the wall so  
Forget and forgive  
But after all this, I never will!  
Back against the wall so  
It's kill or be killed!  
No other choice, that blood's gonna spill  
Back against the wall so  
Forget and forgive

But after all this, I never will!

Sick! Sick! All of us are sick!

Sick! Sick! All of us are sick!
