

# Murder

New Years Day

You're so dead to me  
Another broken promise and our love ends tragically  
May I suggest you lock your doors and hide the key  
somewhere deep inside your dresser drawers  
Hey love tell me what's that sound, could it be that I've found  
you?  
Wont you take a look around because I'm coming  
Don't you dare close your eyes  
I've got you running now run for your life

One last wish, one last kiss  
These blood red lips are poisonous  
Kiss me goodnight this is goodbye  
One last breath, one slow death  
These hands feel so good around your neck  
I cross my heart and hope you die

Wake up, I don't think you realize,  
no I don't think you recognize the look on my face  
I'm standing right in front of you and saying that I'm through  
with you  
And I don't have a problem spilling your blood all over this place

One last kiss, one last wish  
These blood red lips are poisonous  
Kiss me goodnight this is goodbye  
One last breath, one slow death  
These hands feel so good around your neck  
I cross my heart and hope you die

Am I insane? Are you afraid?  
Dearly departed I'm just getting started  
Are you broken hearted?

I'm out of love now I'm out for blood, will it be enough?  
Dearly departed I'm just getting started  
Does it break your heart?
