

# Relentless

## New Years Day

They've deemed me powerless and weak right from the start  
Their targets aimed at me these cowards leave their mark  
Unforgetting  
Unforgiving  
Taking every little shot  
But I'm too strong  
And I won't fall  
Gimme everything you got  
Tear me down  
It won't build you up

Never gonna stop  
Won't quit till I'm not breathing  
Chase me all you want  
It won't be enough  
Never gonna stop  
Even if these wounds keep bleeding  
I'm not giving up  
It won't be enough

They are fixated on bringing down my name  
The grudges that you hold have no effect on me  
Under pressure  
Out of options  
And I'm up against the odds  
But I'm too strong  
And I won't fall  
Gimme everything you got  
Tear me down  
It won't build you up

Never gonna stop  
Won't quit till I'm not breathing  
Chase me all you want  
It won't be enough  
Never gonna stop  
Even if these wounds keep bleeding  
I'm not giving up  
It won't be enough

Fought for everything I have  
Come too far  
No looking back  
You'd have to kill me  
To defeat me  
And as badly as you want to  
You won't get that chance  
You won't tear me down  
You won't tear me down

Never gonna stop  
Won't quit till I'm not breathing  
Chase me all you want  
It won't be enough  
Never gonna stop  
Even if these wounds keep bleeding  
I'm not giving up

It won't be enough  
It won't be enough  
It won't be enough
