The Joker

New Years Day

A hearts wants what the hearts wants
Til it's standing on the edge
"It's time to make a choice"

As if I'd fall
"It's all my fault"

The heart wants what the heart wants
And I know it isn't you

Will you take this
As a hint I won't take shit from anyone
You pushed too hard
Took this too far
Nothing's ever fair in love and war
Wipe that grin off your face

You'll always be a joker to me
Same old story, same routine
Now that I see the tricks up your sleeve
I'm not one for make believe
You use your illusions to hide what's inside
Save it for someone who doesn't lie
You'll always be a joker to me
But I'm not laughing anymore

You'll always be a joker to me
Same old story, same routine
Now that I see the tricks up your sleeve
I'm not one for make believe
You use your illusions to hide what's inside
Save it for someone who doesn't lie
You'll always be a joker to me
But I'm not laughing anymore

Well I can say
It's been a pleasure and some pain I'm gonna miss
I'm no damsel in distress
A weight off my chest
I can breathe without your hands around my neck

You're mistaking if you ever think you'll make
Another fool out of me, how pathetic can you be
Smile at the crowd take one last bow cause you're over
No one's laughing now

You'll always be a joker to me
Same old story, same routine
Now that I see the tricks up your sleeve
I'm not one for make believe
You use your illusions to hide what's inside
Save it for someone who doesn't lie
You'll always be a joker to me
But I'm not laughing anymore

I got a couple tricks of my own
A few I still haven't shown

When I get you alone

Now you see it, now you don't
You'll always be a joker to me
Same old story, same routine
Now that I see the tricks up your sleeve
I'm not one for make believe
You use your illusions to hide what's inside
Save it for someone who doesn't lie
You'll always be a joker to me
But I'm not laughing anymore

You've put me in the corner
For the last time, I'm taking control
Standing at the edge with your knife in my hands and I'll let you fall
