

Jet Boy

New York Dolls

Who so fly up in th' sky faster than
Any boy could ever describe
Who's got that love so deep
With everything alive
I said, "Jet boys fly, jet boys gone
Jet boy stole my baby"
Flyin' around New York City so high
Like he was my baby
This's the kinda place where
No one cares what you're livin' for
And jet boys so preoccupied
He don't care 'bout before
And that's why, jet boys fly, jet boys gone
Jet boy stole my baby
Flyin' around New York City so high
Like he was my baby, my baby
Jet boys fly, jet boys gone
Jet boy stole my baby
Flyin' around New York City so high
Like he was my baby
We was all endangered charms
Swear we're havin' fun
And Jet boy knows after all we done
That's why he's the one
That's why, jet boys fly, jet boys gone
Jet boy stole my baby
Flyin' around New York City so high
Like he was my baby
My pretty baby, my pretty pretty baby
My pretty baby
When I first came around this dump
I knew I couldn't stay
'Cause up above the world are jet boy
That's why I gotta play
Don'tcha know that, jet boys fly, jet boys gone
Jet boy stole my baby
Flyin' around New York City so high
Like he was my baby
Like he was my baby, like he was my baby
Like he was my baby, like he was my baby
Jet boys fly and ya know he's gone
I said he been gone, gone, gone, gone
And he been flyin', and he been flyin'
He's been flyin', he been flyin'
Baby up all night, baby New York City
Baby so so high, baby so so high
Dontcha know that, like he was my baby
Like he was my baby, like he was my baby
Like he was my, my, my, my baby
My, my, my, my baby
My, my, my, my, my baby
My baby, my baby, m-m-my baby, my baby
