

Trash

New York Dolls

Trash don't throw your love away
Oh, trash don't take your light away
Oh, trash don't you take my night away
And please don't you ask me if I love you
If you don't know what I'm doing
Trash don't throw your love away
Oh, trash don't you take my night away
Oh, trash don't you take my delight away
And please don't you ask me why I love you
'Cause I don't know why I do, all I know is
Trash don't throw your love away
Trash put that knife away
Oh, trash got to put them all away
And please don't you ask me if I love you
'Cause I don't know if I do
Wanna wipe it out here with you
Take a lover's leap with you
Baby, how do you call your lover boy?
Trash my sweet baby
Oh, trash baby you're the one
Trash my sweet baby
Oh, oh, oh trash baby you're the one
Baby you're the one
I say you're the one
Yeah, you're the one
Oh, trash you, you're the one
Trash you're the one
Baby you're the one now
And baby, yeah, yeah
Yeah, yeah, you're the one
You're the one, oh my trash
My sweet trash
My sweet, sweet, sweet, sweet, sweet trash
