

Jerk Me

New Young Pony Club

I want what you've got for me,
I want what you're giving out
No romantic pedigree
Suck me in and spit me out

Sucker punch me with your love
I'm your mirror, I can be,
Read me like an open book
Tear my pages, set me free
yeah yeah yeah yeah

Come soon, na-na
jerk me, jerk me up
Come soon, na-na
jerk me, jerk me

I want what you've got for me,
I want what you're giving out,
No romantic pedigree
(Come soon, na-na)
Suck me in and spit me out

Paralyse me with your song
I can randomly repeat
This island's been dull too long
Mark your sordid X on me
yeah yeah yeah yeah

Come soon, na-na
jerk me, jerk me up
Come soon, na-na
jerk me, jerk me

Sucker punch me with your love
I'm your mirror, I can be,
Read me like an open book
Tear my pages, set me free
yeah yeah yeah yeah

Come soon, na-na
jerk me, jerk me up
Come soon, na-na
jerk me, jerk me
