

## Tight Fit

New Young Pony Club

I want to fit  
I've got to get into it  
Don't make no sense  
To hide behind anything  
Oh how these precious things  
Their time is wearing thin  
I'd make a mould of me  
To make a mockery  
I'd make a mould of me  
To make a mockery

Let a little light  
Let a little light fall on

Another scar  
(Hey)  
To emphasise who you are  
A second skin  
Label I might've been  
Oh fill this loving cup  
Might have to use it up  
To take the half of me  
Would wreck the symmetry  
To take the half of me  
Would wreck the symmetry

Let a little light  
Let a little light fall on  
Ha ha ha ha ha  
Let a little light  
Let a little light fall on  
Ha ha ha ha ha

I want to fit  
I've got to get I've got to get into it  
I've got to get I've got to get into it

Let a little light fall on  
I'd like to get a little gone  
Let a little light fall on  
You're not alone  
I'd like to get a little gone  
La La La  
I want to fit  
Let a little light fall on  
You're not alone  
I'd like to get a little gone  
La La La La
