

## He's Coming Back

Newsboys

Things are getting tough  
You got to hang in there  
When you're just about to quit, let God be God  
When your back is against the wall  
His love will be true  
When you're feeling two feet tall  
Stand upon the rock

Don't you be afraid for He is with you  
Don't you be afraid for He is with you

(4x):

He's comin' back like he Promised He would  
Let's be ready when the trumpet sounds
