

Dear Friend,  
You've been trying again  
Doing whatever it takes to fit in  
Falling for the lies of the world  
You tell me you'd pay anything just to not hurt  
What you want, I ain't got  
What I have, can't be bought

There's something better I can give  
If you surrender you will live  
Just gotta taste and see it's good  
I'd make you see it if I could  
It's gonna save your life, gonna save your life

Dear Friend,  
I'd be lying to you  
If I told you this road that we travel would be smooth  
Sometimes, you just wanna give up  
Trying, and trying, but nothing is ever enough  
Chasing things, but what for? (what for?)  
You've seen it all, but want more

There's something better I can give  
If you surrender you will live  
Just gotta taste and see it's good  
I'd make you see it if I could  
It's gonna save your life, gonna save your life

I can see now you want this  
And you know that you need this  
Get away from the darkness  
Get away from the darkness

I can see now you want this  
And you know that you need this  
Get away from the darkness  
Gotta know who Christ is

There's something better I can give  
If you surrender you will live  
Just gotta taste and see it's good  
I'd make you see it if I could  
It's gonna save your life, gonna save your life

(Nothing better than this life) It's gonna save your life  
(Nothing better than this life) It's gonna save your life  
It's gonna, it's gonna save your life
