

# Ten Thousand Miles

Newsboys

For we have known how to be in need  
And we have known what it is to have plenty  
There are costs that we all must pay  
For some it's harder, harder for them to stay

I will live for you  
I'll walk with you, I'd even die for you  
I will follow you ten thousand miles  
Ten thousand more

For I have seen a vision of heaven  
And we are here for just a short lived time  
No time to chase the gold, the glory  
There is a fire, fire in our hearts

I will live for you  
I'll walk with you, I'd even die for you  
I will follow you ten thousand miles  
Ten thousand more

We have learned a valuable secret  
To be content in every situation  
We can do everything through Him  
He gives us strength to, strength to

I will live for you  
I'll walk with you, I'd even die for you  
I will follow you ten thousand miles  
Ten thousand more
