

Between The Cross And Crown

NewSong

Not one of us will get through life unscarred
If no wounds upon our body, then our hearts
Lord you work all things by Your plan
And nothing comes without passing through Your hand

[Chorus]

And You are sovereign over all that's been broken by the fall
So give us strength, Lord, here and now
In the days between The Cross and Crown

We long for hope for when this world's restored
When every knee will bow to You, and call You "Lord"
But till then, Your Spirit's here to guide
Our Comforter, Counselor, The Breath of Life

[Chorus]

In the days between The Cross and Crown

Hallelujah
Hallelujah

Give us strength, Lord, here and now
In the days between The Cross and Crown

Hallelujah
Hallelujah

Lord, give us strength, oh here and now
In the days between The Cross and Crown
In the days between The Cross and Crown
In the days between The Cross and Crown
