

For The Glory Of Christ

NewSong

To live is Christ
I have a passion in my heart I've never known before
That makes me love Him more
To die is gain
I am learning through surrender what it really means
To know that I am free

And it's my prayer
I would live each day in such a way
That in all I do I would bring Him praise

For the glory of Christ
I'll lay down everything that I've been given
All my hopes and my ambitions
For what He wants for me
For the glory of Christ
I'll take up my cross and follow
Wherever He may lead I'll live my life
For the glory of Christ

He knows my heart
He knows I seldom measure up to what I long to be
And what He has for me
I know His grace
And I have seen how far His arms will reach to rescue me
From the man that I could be

And it's my prayer
I would live each day in such a way
That in all I do I would bring Him praise

And when I think of what my life was worth
And how He gave His life to bring salvation to this world
How could I ever offer less than He deserves
