

# Red Letter Day

NewSong

Every day before the rush gets started  
I get down on my knees  
And I pray, Lord, I need You here to guide me  
Please speak to me  
And something happens that I can't explain  
His Word starts talking to me and  
I'm out to face this world again

I do believe it's gonna be another red letter day  
It's gonna be another red letter day  
I do believe it's gonna be another chance for me  
To take His Word and walk by faith  
I got a smile with every step I take  
Knowing He is here with me  
It's gonna be a red letter day

I had a friend call me up and tell me  
How he struggles through each day  
I told him that I didn't have all of the answers  
This world's a crazy place  
But I've learned to hide God's word in my heart  
So I can have it with me when the pressures of the day start

repeat chorus

I do believe

So many hidden treasures in God's Word for us to find  
The mysteries and secrets that are there to bring us life

repeat chorus

I do believe it's gonna be another red letter day  
I do believe it's gonna be another chance for me  
to take His Word and walk by faith

I do believe it's gonna be another red letter day  
I do believe it's gonna be another chance for me  
to take His Word and walk by faith
