

# Won't Stop Love

NewSong

Just one look into your eyes  
I can see your heart is aching  
From the disappointments life has put you through  
You've tried to run  
You've tried to hide and live in isolation  
Saying nothing else will ever get to you  
Well Jesus came to free you from the fear inside your heart  
His love will always find you no matter where you are

You can build a wall around your life  
Go ahead and make it strong and high  
That won't stop love, that won't stop love  
You can close the door behind you  
Even lock it if you want to  
But that won't stop love, no that won't stop  
Won't stop love

Now could it be there's Someone who  
Understands the hurt you're feeling  
One who loves you just the way you are  
And could it be that all this time  
He's been right there waiting for you  
To simply open up your heart  
His love will never ever change no matter what you do  
Nothing in this world could ever stop His love for you

There's no place where you can go  
He can find you there  
He won't stop until His love  
Finally breaks through
