

Don't Make Me Go There

Newton Faulkner

Please don't make me go there
'Cause I know what I will find
Please don't make me go there
Please leave me behind

Don't make me feel
Don't make me feel
Don't make me feel
Don't make me feel

Please don't make me go there
There's no room under my skin
Please don't make me go there
'Cause I'm helpless once you're in

Don't make me feel
Don't make me feel
Don't make me feel
Don't make me feel

Please don't make me go there
'Cause I've got so much to hid
Please don't make me go there
When you're safe on the outside

Don't make me feel
Don't make me feel
Don't make me feel
Don't make me feel
