

I'm Not Giving Up Yet

Newton Faulkner

Take off all your clothes
I'll show you how we're made
One thing is for sure
That is we are not the same
Some of us destroy
Anything that's in our way
While some of us would rather die
Then cause another person pain

That's why I'm not giving up yet
No, I'm not giving up yet

Because we're capable of so much more
Than the statistics on the news
If we don't wanna fight anymore
Well then it's up to us to choose

That's why I'm not giving up yet
No I'm not giving up yet

Hold on to any truth that you find
It's so hard these days to tell right from wrong and wrong from
right

But I'm not giving up yet
No I'm not giving up just yet
No I'm not giving up yet
No I'm not giving up yet
