

Just Outside

Newton Faulkner

I don't know why you took so long
It's not like change would come along
I'm down for pastures all along
On my way

It's hard not to see the signs
They hit you between the eyes
Ow what you do that for?
Left you an open door
Did I waste your time?
Did I waste your time?
I gave you all mine
I gave you all mine
And all you will find
And all you will find
Is just outside

I know if I was don't belong
They...
I'm down for pastures all along
On my way

It's hard not to see the signs
They hit you between the eyes
Ow what you do that for?
Left you an open door
Did I waste your time?
Did I waste your time?
I gave you all mine
I gave you all mine
And all you will find
And all you will find
Is just outside

And all you will find
And all you will find
Is just outside
