

## Lay Down

Newton Faulkner

We can leave no room  
If we just hold on  
To what we have  
We can get through anything, anything.

I'm here,  
I'm here for you.

Lay down beside me!  
Let's float away!  
Lay down beside me!

It will be alright  
If we just hold tight  
To what we have.  
We can be unstoppable  
Unstoppable.

I'm here,  
Still here for you.

Lay down beside me!  
Let's float away!  
Lay down beside me!  
I wanna fall into the dark.  
And this will do until religion finds me

I wanna roll into your arms  
There's nothing else, nothing else that I would be  
I wanna fall.  
Lay down beside me!  
Let's float away!  
Lay down beside me!
