

# Lipstick Jungle

Newton Faulkner

She said, "I wanna live in a lipstick jungle  
I wanna find what I'm searching for  
I'm tired of rolling on soul and thunder  
I just want something of my own"

I've been thinking  
And I've been known to think too much  
I've been drinking  
And it's about time that I stopped

I've been sinking  
I don't know what she knows  
But I know that she's all I've got  
So I'll go, yes, I'll go where she go

She said, "I wanna live in a lipstick jungle  
I wanna be a million miles away  
'Cause we're drifting in a fateless tumble  
I know that things will never be the same"

I've been thinking  
And I've been known to think too much  
I've been drinking  
And it's about time that I stopped

I've been sinking  
I don't know what she knows  
But I know that she's all I've got  
So I'll go, yes, I'll go where she goes

And I wanna see the sun through her eyes  
Wanna feel how she feels inside  
Oh, as time floats by, time floats by

She wants to live in a lipstick jungle  
Chasing rainbows through a salty sky  
She's looking for a dream that she can handle  
Falling under as time floats by

And I wanna see the sun through her eyes  
Wanna feel how she feels inside  
Oh, as time floats by, time flows by

To love and hold, she's burning cold  
The lights are on but she's not home  
When the wind blows like a rolling stone  
I'll follow her, can't let her go

And all I know is what I'm told  
And every day another piece of the puzzle unfolds  
My mind explodes, it's feeling old  
Tired of excuses, keep on pushing me out of control

Hey, I wanna see the sun through her eyes  
Wanna feel how she feels inside  
Oh, as time floats by

And I wanna see the sun through her eyes  
Wanna feel how she feels inside  
Oh, as time floats by, time flows by
