

Step in the Right Direction

Newton Faulkner

Breathe
I know how you feel
It'll be worth the fight
What's right can sometimes be hard
So don't go giving up

I'm what you believe
Light breaks through the trees
Don't you break, don't start breaking down

It's hard to believe
But it feels like a step in the right direction
It's hard to believe
But it feels like a step in the right direction

If you're free
Change comes easily
There's never a good time
It's darkest before the dawn
And you're just waking up
From your childish dreams
All's not what it seems
Don't you fake, don't start faking now

It's hard to believe
But it feels like a step in the right direction
It's hard to believe
But it feels like a step in the right direction

So be brave with your heart
You are on your way
Every step that you take
Is the one you're meant to make
Don't be afraid of the dark
'Cause that's where dreams are made
And if they fall apart...

It's hard to believe
But it feels like a step in the right direction
It's hard to believe
But it feels like a step in the right direction

(I know I must keep walking)
