

# All Because Of You

Next

How do I know you wont hurt me?  
What makes me so different?

I spent my whole life  
Just wonderin around  
Lost in love  
Until I was found by  
you...  
And I thank you  
You showed me...  
(what) What life is all about  
You've turned my whole life around  
Changed all that I do  
It's all because of you...

I threw away my players card  
I put my girl before my card  
I believe that I can reach the stars  
It's all because of you (all because of you)  
I swear I'll never fool around  
Won't hang out late night trying to clown  
Right now I wanna settle down  
It's all because of you...

Lovin you  
Is such a beautiful thing  
Got me thinkin bout coppin you that ring  
Your such a queen  
You've given my life new meaning  
It's like a dream  
How could this be?  
Someone like you, for me  
I've never felt more complete  
Than I do when I'm with you

I promise a day wont go by  
That I wont say that I  
That I love you (love you)  
And I need you (need you) Baby  
There nothin that I wont do to please you (nothing, nothing)  
Girl, you've changed me (changed me)  
I just wanna make you happy (oooh)

Everything that I am (everything)  
Everything that I'll ever be (all)  
Is all because of you (all because of you)  
All because of you (all because of you)  
All because of you (all because of you)  
All because of you (all because of you)  
All because of you (all because of you)  
It's all because of you (all because of you)  
All because of you (all because of you)  
It's all because of you (all because of you)  
All because of you (all because of you)  
I love you...
