

Do Your Thing

Next

Yeah
Don't stop now
We done did it again
I see you there from time to time
I know whatchu lookin' for
I can give it to you
Go on do your thing

Go on do your thing mama
Just enjoy yourself
You ain't gotta be all by yourself
You're not lookin' for a man
You just want a special friend
To lend a helpin' hand tonight
Go on do your thing

Baby you're sure comin' on strong
But ain't nothin' wrong
With goin' after whatchu want
How that you've been workin' all week
Now you're workin' on me, feelin' on me, buyin' me drinks
And you're tellin' me

I'm not a ho
'Cause I slept with someone
So I'm not a trick
If I want a lil' dick
I'm not tryin' ta judge ya
I just wanna love ya

Go on do your thing mama
Just enjoy yourself
You ain't gotta be all by yourself
You're not lookin' for a man
You just want a special friend
To lend a helpin' hand tonight
Go on do your thing

Go on
Go on do your thing

Girl the way you are lookin' at me
I can tell you're a freak
And baby, I like what I see
You say it's been too long
You don't mean to come on strong
But you really need a tune up from someone
Oh girl

I'm not a ho
'Cause I slept with someone
So I'm not a trick
If I want a lil' dick
Baby I'm not tryin' ta judge ya
I just wanna love ya

Go on do your thing mama

Just enjoy yourself
You ain't gotta be all by yourself
You're not lookin' for a man
Just want a special friend
To lend a helpin' hand tonight
Go on do your thing

We do it like this, ladies
Where all the ladies all alone in here
That wanna have fun tonight
Where all my fellas all alone in here
That can make my body feel right
Well Ma, I'm right here
Boy, I'm right here
I can't lie, ya look tight
Girl I'll come, what I'm with
Don't be scared
We gonna do the damn thing tonight

Go on do your thing mama
Just enjoy yourself
You ain't gotta be all by yourself
You're not lookin' for a man
Just want a special friend
To lend a helpin' hand tonight
Go on do your thing

Sometime I need somebody
That'll touch my body
Come and touch my body, sexy, ooh
Sometimes ya need somebody
That'll touch your body
And that somebody should be me

Go on do your thing mama
Just enjoy yourself
You ain't gotta be all by yourself
You're not lookin' for a man
Just want a special friend
To lend a helpin' hand tonight
Go on do your thing

I'm a do my thing, I'm a do my thing, I'm a do my thing
Let me do my thing, daddy
Go on do your thing, go on do your thing, go on do your thing
Go on do your thing, momma
I'm a do my thing, I'm a do my thing, I'm a do my thing
Let me do my thing, daddy
Go on do your thing, go on do your thing, go on do your thing
