

# Hold Me Down

Next

Ghetto  
Yo  
Hold me down  
Next, yeah

All I ever need is my wifey  
And some real niggas behind me  
A lady to hold me down  
My niggas will hold me down

Someone that can ride in the passenger side  
Ride or die, cop the cake, then we define  
Can't nothing hold me down  
Can't nothing hold me down

The sun don't shine, sun don't shine  
If I, can't wake up next to mine  
Wake her ass up, tap her one more time  
No more baby sleepin', but she don't mind

Yeah, she's ghetto  
But she keeps a nigga level  
Even when I'm short on change  
She won't complain, even got an extra job to maintain

All I ever need is my wifey  
And some real niggas behind me  
A lady to hold me down  
My niggas will hold me down

Someone that can ride in the passenger side  
Ride or die, cop the cake, then we define  
Can't nothing hold me down  
Can't nothing hold me down

I use to be real friendly with everybody  
'Til somebody tried to take my baby  
Now the only niggas that hang with me  
Are a chosen few, my chosen crew 'cause

Some niggas are slimy dude but  
You know who I'm talkin to you, trust  
Real recognize, real for real,  
This is Robert, we fell 'way before the deal

All I ever need is my wifey  
And some real niggas behind me  
A lady to hold me down  
My niggas will hold me down

Someone that can ride in the passenger side  
Ride or die, cop the cake, then we define  
Can't nothing hold me down  
Can't nothing hold me down

All I ever need is my wifey  
And some real niggas behind me

A lady to hold me down  
My niggas will hold me down

Someone that can ride in the passenger side  
Ride or die, cop the cake, then we define  
Can't nothing hold me down  
Can't nothing hold me down

No matter how hard it is  
Or how bad the storm gets  
I promise this  
That I will always be right here

If it's a dollar it's fifty cent a piece  
If it's a million you get five hundred Gs  
'Cause we are family  
I'll ride for you, if you'll ride for me

All I ever need is my wifey  
And some real niggas behind me  
A lady to hold me down  
My niggas will hold me down

Someone that can ride in the passenger side  
Ride or die, cop the cake, then we define  
Can't nothing hold me down  
Can't nothing hold me down

All I ever need is my wifey  
And some real niggas behind me  
A lady to hold me down  
My niggas will hold me down

Someone that can ride in the passenger side  
Ride or die, cop the cake, then we define  
Can't nothing hold me down  
Can't nothing hold me down
