Yo...

Uh...

Cant you see I need to find  
My Love, My Love  
Where, Where is  
My Love, My Love  
See...I've got to know...I've...  
Looked all around the world to find  
My Love, My Love  
Where, Where is  
My Love

You can have a life with me  
Every wifey's dream  
With the priceless things like bling  
You can have it all  
If I called you my love (My Love, My Love)  
You can have your name on the yacht  
All the fame that I got  
Drop the Range off the lot like free  
You can have it all  
If I called you my love (My Love, My Love)

I got the child place (child place)  
The hot wheels (hot wheels)  
Got the pay, got the record deal (record deal)  
I got the streets, I got the crowds  
I got my peeps who come to turn the party out  
I got my clothes, I got the ends  
Got my dukes and bubble odd Benze  
I got the crib with the seashell pool (seashell pool)  
I got the hits, but all I need is you...

I got it all good  
the wrist froze  
I got the hood  
in the video  
I got the clubs with the V.I.P.  
I got the thugs bouncin, bouncin, bouncin with me  
I got the trips, around the world  
I got the 6 for the diamond, girl  
I got the Fendi and the Prada  
holla holla if you know  
You wanna hook up, hook up c'mon  
Cause girl I know (I know)  
That you (That you)  
Might already have the finer things that ballers do  
But baby still  
Still I hope (I hope)  
You choose (I hope you choose)  
To be with someone on your level  
To give you what you want  
But if you dont...

My Love...
