Welcome into ecstasy baby  
Oh yes, I got to know, can I  
Splash, splash, splash  
Baby I wanna jump and dive and splash in your love, yes  
Can I splash in your love baby?

I used to be afraid of water 'till I got a lifejacket  
Now I always seem to find myself  
Laughing and splashing, oh yeah  
There's no waters that fall quite like yours  
How I love to swim your sticky shores  
Can I splash?

Can I take a dip, can I take a dip  
Inside your love, I just wanna swim, baby let me swim  
Let me come, I just wanna splash in your lake of love  
Can I take a dip, can I take a dip  
Inside your love, I just wanna swim, baby let me swim  
Let me come, I just wanna splash in your lake of love

Can I splash?  
As I used to play across you chocolate beaches  
I would always vision your love canal  
Dreaming I could reach it, oh yeah yeah  
And as I waded in your waters of passionate cream  
I realized, it's not a dream  
I can finally splash, I don't have ask, no

Can I take a dip, can I take a dip  
Inside your love, I just wanna swim, baby let me swim  
Let me come, I just wanna splash in your lake of love  
Can I take a dip, can I take a dip  
Inside your love, I just wanna swim, baby let me swim  
Let me come, I just wanna splash in your lake of love

Ooh, let me dive inside your love  
Can I splash inside just once  
Let me go I'll make you come

To get in your pants
