Holla

Your love is like an exotic sunrise
Or a whole damn album of Pac and Big was a lie
If your love is like Kit and 5 Mikes
Or a lifetime supply of Air Force One Nikes

If your love is like a one to your real
And 106 and Park or my own label deal
If your love is something I'ma hold on to
That's my word, fuck these birds, I'ma keep lovin' you

I'm a simple nigga, throw backs and Cris T's
Fresh whites, loose lace, faded jeans
Use to call women bitches 'til I met your queen
You hold your dude down, ma, you know what I mean

We here now, together babe, got you in my life
I'll never be the same
'Cause your ghetto disposition, got me in a strange position
Nappy booty and extensions, your love is beyond description

'Cause baby your love is like an exotic sunrise
Or a whole damn album of Pac and Big was a lie
If your love is like Kit and 5 Mikes
Or a lifetime supply of Air Force One Nikes

'Cause baby your love is like a one to your real
And 106 and Park or my own label deal
If your love is something I'ma hold on to
That's my word, fuck these birds, I'ma keep lovin' you

I'ma squab this, ooh, you just a fly bitch
And you got a fly switch, proud to say you my chick
Found someone to ride wit'
Someone to step out any night wit' and to keep it live wit

Can't believe we here now, together babe
Got you in my life, I'll never be the same
'Cause your ghetto disposition got me in a strange position
Nappy booty and extensions, your love is beyond description

Baby your love is like an exotic sunrise
Or a whole damn album of Pac and Big was a lie
If your love is like Kit and 5 Mikes
Or a lifetime supply of Air Force One Nikes

If your love is like a one to your real
And 106 and Park or my own label deal
If your love is something I'ma hold on to
That's my word, fuck these birds, I'ma keep lovin' you

'Cause I've never
I've never felt something quite like this
It's ya eyes, ya thighs, ya legs, ya hips, ya lips

You are

You are a sophisticated ghetto, educated special
Strong yet gentle, like rose petals
Keep the house clean and cooks nice Ghetto Angel, God must have sent you

Your love is like an exotic sunrise
Or a whole damn album of Pac and Big was a lie
If your love is like Kit and 5 Mikes
Or a lifetime supply of Air Force One Nikes

If your love is like a one to your real
And 106 and Park or my own label deal
If your love is something I'ma hold on to
That's my word, fuck these birds, I'ma keep lovin' you

Baby, your love is like an exotic sunrise
Or a whole damn album of Pac and Big was a lie
Baby, your love is like Kit and 5 Mikes
Or a lifetime supply of Air Force One Nikes

Baby, your love is like a one to your real
And 106 and Park or my own label deal
Tell that your love is something I'ma hold on to
That's my word, fuck these birds, I'ma keep lovin' you

Your love is like an exotic sunrise
Or a whole damn album of Pac and Big was a lie
If your love is like Kit and 5 Mikes
Or a lifetime supply of Air Force One Nikes

If your love is like a one to your real
And 106 and Park or my own label deal
If your love is something I'ma hold on to
That's my word, fuck these birds, I'ma keep lovin' you

Your love is like 23's on the Range
Couple G's in a pocket, small change
Your love is a very big thang
Your love is
